The Weekly Shorned Fall

### PITY VIEWS IN LIFE

Last week, one of the independent members of Carstairs and a husband, who writes very well and who writes on life and marriage, which will help other men. For instance:

Let's make up of trials with an occasional exception.

The more modern life is full of such striking little things.

Most men are fortunate in having met the one making a final decision.

Men expect what to come, which will be an easier going.

Many a husband has been married by a permanent union.

Standards of the present of the world is expected in institutions.

A length is an necessary to be human being no number is to be satisfied.

Providence seems intended to be the usual except when we are angry.

Men are to go and live a good woman, who make her better.

A golden wedding is when a couple has gone fifty days.

Marriage is a great institution for those who are institutions.

Marriage is an institution for those who are institutions.

There are many husbands in Carstairs who in fifty days, but their wives don't know it.

A husband should tell his wife everything he is sure she will know, but before he goes to bed.

If husbands want, everywhere their wife tells him to go, there would be divorce and bad wives.

Divorce is a great institution, it keeps women in civilization.

No pretensions have every bread just before.

A man's reputation is all that we find out about him.

The road to reputation is filled with women pushing their husbands aside.

It is, and it is worth what a man stands for, or what he fails to.

## PORK and BEANS

The Weekly Shored Fall

Bill Weber thinks there should be some accurate way of measuring pork, and that there should be some sort of local League of Nations to settle disputes.

The only drawback would be in settling disputes between the weaklings.

Jim Johnston is mentioned as head coach for the ladies. His hope is reported to have been caught today for J.M.

Won't someone who has a spare dog around get in touch with L. Sherry. He is busy in need of one.

Hockey fans are going to be out in strength for the game on Saturday night.

Then also remember the concert meeting on Monday.

## Local and Personal News of Carstairs

A school party meeting will be held  
at the Carstairs school on Friday  
evening, Feb. 1, at 7:30 p.m. The  
program will consist of a play, songs,  
and a collection for the Carstairs  
school fund. The school is very  
pleased to have the party and  
trusts it will be a success.

## FARMERS ATTENTION!

**Horses Wanted At Once**

We will take well broken horses in trade for any new or second hand farm machinery or tractors. What about that new seed drill? We handle the famous light draft Van Brunt, in either high wheel or power drive. We also have a number of second hand drills, plows and tractors. It will mean money in your pocket to see us before you buy.

## ELECTRICITY

—is a community builder  
—it aids industrial progress  
—it increases property values  
—and it's one of the cheap-  
est necessities you buy.

And, not to be overlooked, there are the convenience, cleanliness and cheerfulness of electricity used in your own home.

As a great public service enterprise, we are happy to be able to contribute something to the growth of your community and to your personal comfort, by providing the type of service that makes electricity a real asset to your community.

## ESSEX Challenger Week

## Prove it YOURSELF... no lesser car can satisfy!

In Fast Getways—against any  
car regardless of price or class.  
In Speed—get it together the case  
most famous for speed.

In Hill Climbing—the fastest  
hills in your community—only in  
America.

In Reliability—in Comfort and  
Operating Ease.

In Economy—Note its even  
greater advantages.

This is a "Dime-a-Yard" Challenger  
Week. A week when customers every-  
where will get the new Essex Challenger  
against every competitor that makes for  
cheap advertising.

Hardly a week in the U. S. and  
Canada have made such runs in terms  
of value in motors for the Challenger.

They can't wait for last week—  
they'll get it now. Essex Challenger  
Week. The Challenger is a lot  
for the price.

Run on or off your own wheels  
and you'll see the value of the  
motor that makes this week's offer  
the right of the Essex Challenger.

DO YOU  
SUFFER WITH  
HEADACHE?

Headache is a common ailment, and one which is often caused by a number of factors. It may be due to a cold, to a fever, to a change in the weather, or to a number of other causes. It is often accompanied by a feeling of tiredness, and by a loss of appetite. It is a very distressing ailment, and one which is often difficult to treat. There are, however, a number of remedies which may be used to relieve the pain. One of the best of these is the use of a liniment. A liniment is a preparation which is applied to the skin, and which is absorbed into the system. It is often used to relieve the pain of rheumatism, of neuralgia, and of other ailments. It is a very effective remedy, and one which is often used by the people of all ages.

# Prairie Province Home Makers Making Greater Use of Trees and Shrubbery To Adorn Abodes

Home makers in the prairie provinces are making greater use of trees and shrubbery to adorn their abodes. This is due to the fact that the climate is becoming more favorable for the growth of these plants. The prairie provinces are now able to grow a wide variety of trees and shrubs, which were formerly considered to be unsuitable for the climate. This is due to the fact that the climate is becoming more favorable for the growth of these plants. The prairie provinces are now able to grow a wide variety of trees and shrubs, which were formerly considered to be unsuitable for the climate.

# Owing To Wide Areas Few Countries Better Adapted To Benefit By Air Mail Than Canada

Grading Helps Canadian Work.

Canada is one of the few countries in the world which is so well adapted to benefit by air mail. This is due to the fact that the country is so large and so sparsely populated that it is necessary to transport goods and passengers by air. The Canadian government has taken steps to improve the air mail service, and this has resulted in a great increase in the number of passengers and goods transported by air.

# Yak Is Good Brother

A yak, which is a member of the camel family, is a very useful animal. It is found in the mountains of Tibet and is used by the people of that region for transport. The yak is a very hardy animal and is able to survive in the most difficult conditions. It is also a very intelligent animal and is able to learn to do many things.

# A Matter of Comparison

Comparing the work of a man and a woman is a matter of comparison. The work of a man is usually more physical and more demanding than the work of a woman. However, the work of a woman is often more delicate and more detailed than the work of a man. Both men and women are capable of doing a wide variety of work, and the difference between them is one of degree rather than of kind.

# Progress in Farm Work Shows in Condition

The progress in farm work is shown in the condition of the farms. The farms are now better equipped and more productive than in the past. This is due to the fact that the farmers have adopted new methods of farming and have used new machinery. The result has been a great increase in the output of the farms, and this has led to a higher standard of living for the farmers.

# How to Grow a Good Garden

There are many ways to grow a good garden. The first step is to choose the right location for the garden. The garden should be in a sunny, well-drained area. The next step is to choose the right plants for the garden. The plants should be suitable for the climate and the soil. The final step is to take good care of the garden. This includes watering, weeding, and fertilizing.

USE THE CLASSIFIED ADS.  
THEY GET RESULTS

IF EVERYONE DID IT?

Think for a moment what would happen if, even for one week, everybody in town were to stop shopkeeping—either in a shopkeeping town or by mail? Would it not cause business depression, and would not all business be much depressed? And with great reason.

Some Do This Regularly

And what is the result? Every dollar sent out of town is lost for as this district is unpopulated, and only serving to build up some distant town. Local business is robbed of money which during the week might help business along here.

How About Printing

All business houses send their order which is within the possibilities of the local printer. Yet many go up the town printer and send to city others money which could, and should be kept at home. These city offices have no interest in your town, other than to get your order, and the same to pay for them. You can't go to yourself and to your local printer to having your printing done locally.

**A Model Community**

In the town of New Letart, Scotland, established as a model community by Robert Owen, there were no lawyers or magistrates and no legal punishment during a period nearly 20 years.

They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps, pains, unpleasant after effect follows, on the contrary a good laxative. All Druggists Sell and Will Mail.

A new electrical device can be used to seal broken blood vessels.

**Thomson Acres Again**  
Lethbridge, Alberta. O. R. Thomson has completed sowing 1,000 acres of wheat in summer fallow. Several farmers of the Bow Island district have finished wheat seeding. The recent rainstorm is the cause of much jubilation by these farmers.

# Reduction in Prices of TEA

## Effective Immediately

10c. per pound reduction on Green Label Black Tea.

5c. per pound reduction on All Other Grades.

Higher Markets for finest quality TEAS, which are scarce, preclude greater reduction.

All growers are authorized to sell their present stock at these reductions. We refund to the grower the drop in price. We bear the loss.

# Why Suffer From Your Liver?

Why do you suffer from your liver? The liver is one of the most important organs in the body, and it is responsible for many of the body's functions. If the liver is not working properly, it can cause a variety of problems, including fatigue, loss of appetite, and jaundice.

There are many ways to keep the liver healthy, including eating a healthy diet, exercising regularly, and avoiding alcohol and drugs. If you are experiencing any of the symptoms mentioned above, it is important to see a doctor as soon as possible.

**So Suffer Shamed In Bathing Suit. Gained 15 Lbs.**

Many people who suffer from liver problems gain weight, and this can make it difficult to lose the weight. However, there are many ways to lose weight, including eating a healthy diet, exercising regularly, and taking liver supplements.

## NAVAL TREATY IS CRITICIZED BY EARL BEATTY

They had overlooked the possibility of a necessary few sailing warships (1-12), a fleet to India and the East.

Mr. Trevelyan and the London Naval Treaty had resulted in an increase of armaments for other countries. The United States increased hers, China like Japan, 10 per cent, a few strength and France built 100,000 tons and reduced others.

## The Bacon Export Market Neglected As Canadian Hog Industry Fails To Expand

Export of Canadian bacon has been neglected in the past, but it is now being recognized as a valuable commodity. The Canadian hog industry has failed to expand its export market, particularly in the United States, where it has a large potential. The industry has been slow to develop its export trade, and this has resulted in a loss of potential revenue. The Canadian government has been slow to support the industry, and this has also contributed to the problem. ### A Comparison of Canadian Bacon Exports and Pork Imports

The graph shows that Canadian bacon exports have increased significantly over the past decade, while pork imports have also increased. This indicates that the Canadian bacon industry is growing and becoming more competitive in the international market.

The Canadian bacon industry has been slow to develop its export trade, and this has resulted in a loss of potential revenue. The Canadian government has been slow to support the industry, and this has also contributed to the problem.

Never Steer the Star Side

It is common for many people to think that the side of the car is the best side to sit on. But, actually, the side of the car is the worst side to sit on. The side of the car is the worst side to sit on because it is the side of the car that is most exposed to the elements. Renfrew, Ont. After wandering through the heavily timbered country in Adirondack townships for almost a week, subsisting on berries and sleeping under the protecting foliage of trees, Lloyd Warren, aged seven, for whom an intensive search had been maintained, was found. Doctors said he would be quite recovered in a day.

—THRIFTY  
—CONSTANT  
—AND EFFICIENT

The housewife who does her household duties by hand is the lowest paid worker in the world. Modern electric appliances can be made to do domestic chores reliably, silently, conveniently for less than a dime a day.

Washing, cleaning every domestic duty—can now be accomplished better and quicker with electricity.

This new servant of the housewife, electricity, is so willing, able, smart—never complaining, never tiring always at hand day or night, ready to serve you at the press of a button.

# Administration Of Lands And Other Resources Of The West Passes Under Provincial Control

The present provincial administration, by the Department of Lands and Forests, and other resources of the West, have been placed under the control of the provincial government. The Department of Lands and Forests, which has been in existence since 1906, has been reorganized and its functions have been placed under the control of the provincial government. The Department of Lands and Forests, which has been in existence since 1906, has been reorganized and its functions have been placed under the control of the provincial government.

It is noted that the percentage of land under cultivation in the West has increased steadily since 1906. The line graph shows a steady increase from approximately 10% in 1906 to about 45% in 1936. This indicates a significant increase in agricultural production in the West over the past three decades.

## New Women Lose Fat in England

As a result of a scientific experiment conducted in England, it has been found that women who lose weight by eating less food, rather than by exercising, are more likely to keep the weight off than those who exercise but eat the same amount of food.

The experiment, conducted by Dr. J. H. T. Fraser, of the University of Edinburgh, involved 100 women who were divided into two groups. One group was asked to eat less food, while the other group was asked to exercise more. After six months, the women who ate less food had lost more weight and were more likely to keep it off than the women who exercised more.

Dr. Fraser's findings suggest that a combination of diet and exercise is the best way to lose weight and keep it off. He advises women to eat a balanced diet with plenty of fruits and vegetables, and to exercise regularly.

"Yes."

"How did you know that from the news?"

"Oh, there was something about a party."

**WORK THE PAPER**  
 "My friend," began the man with the bundle of newspapers. "I have been reflecting on the character of the day and the fact that it is a day of the year."

"How?" replied the lawyer man.

"Well, I should say, 'I am in a constant state of mind.'"

**THERE'S NO MILEAGE IN IT**

## Canada's Markets Abroad

The closing of markets abroad on the subject of Canada's exports, which has been a feature of the past few days, has been a source of considerable interest to the Canadian public. The markets have been closed for a number of days, and the reason for this is the fact that the Canadian government has decided to suspend the export of certain goods to certain countries. This decision was made in order to protect the Canadian economy from the effects of the war in Europe. The goods in question are certain types of machinery and equipment, and the countries in question are certain countries in Europe. The Canadian government has decided to suspend the export of these goods to these countries in order to prevent the war in Europe from being prolonged. This decision is a very important one, and it is one that the Canadian public should be aware of.

### The Fight For Peace

THE FIGHT FOR PEACE is a book by the late Dr. J. M. Spence, a well-known Canadian author and peace advocate. It is a collection of his essays and speeches on the subject of international peace and disarmament. The book is written in a clear, concise, and readable style, and it is a valuable contribution to the literature of peace.

Dr. Spence's essays are based on his own personal experience and his deep knowledge of the world. He was a peace activist for many years, and he was one of the leading voices in the Canadian peace movement. His book is a testament to his commitment to peace and his belief in the power of non-violence.

## Do You Like Shortbread?

Shortbread is a delicious and easy-to-make treat that is perfect for any occasion. It is made with simple ingredients and can be customized to your taste.

Look for our Company's name on the Purity Flour sack. It is your guarantee of quality from a responsible milling company.

### Many Unclaimed Models

Patents of National Models for the year 1933 have been issued, but many of the models have not been claimed.

The models are available for inspection and purchase. They include a wide variety of inventions, from mechanical devices to chemical processes. The models are made of a durable material and are designed to be used as a reference for future inventions.

### A Reader's Note

I have read your article on the subject of international peace and disarmament. It is a very interesting and informative piece. I am glad to see that you have written about this important issue.

I am a peace activist and I believe in the power of non-violence. I hope that your article will help to raise awareness of the need for peace and disarmament.

### British Shave cream and pressure

British Shave cream is a popular brand of shaving cream that is known for its quality and effectiveness. It is made with natural ingredients and is suitable for all skin types.

### Not the King and Queen

The King and Queen of Canada are the most beloved and respected figures in the country. They have dedicated their lives to the service of their people and have been a source of inspiration and guidance for many years.

The King and Queen are also active in many charitable and social causes. They have visited many parts of the country and have met with people from all walks of life. Their presence is a source of pride and joy for the Canadian people.

## THE WHEAT SITUATION

Should not we be able to grow wheat as cheaply as any other large exporting country?

Three years ago the Consolidated Mining and Smelting Company of Canada was the largest wheat producer in the world. It was the only company in the world that produced wheat in all four major wheat-growing regions of the world.

In 1930 more than one thousand 1,000-lb. sacks of wheat were raised in each year in the United States, Canada, and Australia. In 1931 the total was over two million sacks.

The results point to a wheat yield that is the result of the use of the best wheat seed, the best wheat growing conditions, and the best wheat harvesting methods. The results also point to a wheat yield that is the result of the use of the best wheat seed, the best wheat growing conditions, and the best wheat harvesting methods.

Below are examples of results obtained with wheat on the farms of the following co-operators:

### O. S. A. Plets, Ods

|                |    |
|----------------|----|
| Yield per acre | 41 |
| Yield per acre | 41 |
| Yield per acre | 41 |

### R. A. SHAW, Carstairs

|                |    |
|----------------|----|
| Yield per acre | 41 |
| Yield per acre | 41 |
| Yield per acre | 41 |

### G. NIELSON, Didsbury

|                |    |
|----------------|----|
| Yield per acre | 41 |
| Yield per acre | 41 |
| Yield per acre | 41 |

Satisfactory results were also obtained in the farms of:

### A. LOUGHEED, Bowden

### J. BIRD, Innisfail

### R. WOOD, Carstairs

It is not claimed that the application of these fertilizers will overcome all the difficulties now facing the Western Canadian farmer, but undoubtedly their use will prove to be a great factor in reducing his costs and in enabling him to maintain his place in the world market.

The use of these fertilizers is recommended to the Canadian farmer, not as an attempt to burden him with additional loads, but with the desire of assisting him in the solution of his present problems.

the meeting is unusually well attended with the big principals. The object of the party was to get together into the north to spy out the land and come back later for the real fighting with all its phenomenal hardships of portaging, camping out, rowing over water through unknown or almost unknown territory and so ending up by finding our Indians red-eyed and against the instinct, strength and wisdom of the season. They have returned to tell us of a dozen or two hunters of men in the North. Let's learn their great names and ask them questions in full-length and free speech, regardless of the time limit.

# GOVERNMENT ANALYST GIVES REPORT ON ALBERTA BEERS Quality is Better than Pre-War

Remains have reached us regarding the Quality of Alberta Beers as in order to settle the question, samples were taken and analyzed by Dr. James A. Kelso, Provincial Analytist at the University of Alberta. The following four questions were asked of Dr. Kelso:

1. Is the Beer sold in this province of better quality than the beer sold in other provinces?
2. How does it compare in quality with the Alberta Beer as brewed by you in pre-war times?
3. Is the Beer wholesome in every way and free from all foreign substances?
4. What comments have you to make on the keeping quality of the Beer submitted to you?

THESE QUESTIONS WERE ANSWERED BY DR. KELSO AS FOLLOWS:

- (1) All samples are, in my opinion, sufficiently matured.
- (2) In my opinion all of the Beers are of better quality than pre-war product, which was unfortunately largely tested by me during most of the war, and was much more uniform in strength, extract, etc., than those before the war.
- (3) I would consider the Beers wholesome in every way and free from deleterious constituents.
- (4) Judging from the forcing test all samples of bottle goods tested are efficiently pasteurized. The forcing test shows the Beer of satisfactory keeping qualities, with proper elimination of such products as are shown as out of solution by low temperatures. The Beer, not being pasteurized, could not be subjected to forcing as forcing test, and I consider samples of such Beer properly matured and of satisfactory keeping qualities if kept under correct conditions.

"The bottle liquors, with exception of the Porter and Stout were given a forcing and freezing test. This is done by keeping the Beer at temperature of 30 to 100 degrees for one week, then freezing solid and thawing in chilled ice. In all the samples there was neither cloudiness or any sediment, thus showing perfect clarity."

The original report is on file at Distributors Ltd., head office, Calgary, and is open to public inspection. None only prevents us from publishing the report in detail.

after eating

What many call "indigestion" is very often nothing but excess acid in the stomach. The stomach normally has some acid, but too much can burn the lining, cause heartburn, and lead to ulcers. The corrective is an alkali, which neutralizes acids instantly. The best alkali known to medical science is **Phillips' Milk of Magnesia**. It has a long history of curing acid and has been used for 50 years since its invention. One of the reasons for this harmless, tasteless alkali will neutralize too much acid in the stomach is that it also cures the symptoms of indigestion. You will never know the difference between the two until you learn the effectiveness of this more pleasant way. A bottle is sufficient to show its merit.

Be sure to get genuine **Phillips' Milk of Magnesia** prescribed by your doctor. It is a natural, non-habit-forming, non-drying, non-poisonous, non-detracting agent. It is a safe, effective, and pleasant way to cure acid, heartburn, and indigestion. It is a safe, effective, and pleasant way to cure acid, heartburn, and indigestion. They were going through Uncle  
Sam's mind these days whenogeneity  
nursed him. One was the look in  
mom Halloway's eyes as they watch-  
ed a mothering little Martha. It  
became a habit for the child to  
come over after her early supper, and  
see the bedtime story Guy told her.  
They made a pretty picture,  
thought Uncle Sam. No wonder Mar-

Alpenists and hiking enthusiasts are of investigating the possibilities of the scenic areas of Jasper National Park.

On August 13, a climbing party of three, consisting of Cyril G. Wadsworth, noted Canadian climber, and two others, are expected to attempt the ascent of Mount Asgard.

Mr. Wadsworth is a climber of many years' experience and has participated in many notable climbs. He is also a noted Swiss guide, and the team he leads for the camp will be the best in the world.

The expedition to the Teton Valley is expected to be completed by the end of the season.

## Firestone

- If you want a dependable long-lived tire, buy Firestone tires (the equal of every standard tire) 30% better in price. No other low priced tire has the advantages of—
1. Gum-Dipping—gives 25%—60% more mileage.
  2. New Double Cord Breaker—36% extra protection against punctures and blowouts.
  3. Scientifically Designed, slow-wearing tread.

All this means more mileage, more strength, more life at the lowest price in history! Your nearest Firestone dealer carries a complete line of Firestone tires and gives you the service that goes with them. No line here.

If you want a dependable, long-lived tire, buy Oldfield tires, the equal of many standard tires on the market today. No other tire priced this low has the advantages of—

1. Gum-Dispensing Glass 275,000% more mileage
2. New Double Cord Breaker—36% extra miles per gallon plus tires and discounts
3. Scientifically Designed, low-mounted tread

All this means more mileage, more strength, more T.M.P. at the lowest price in history. You invest Firestone dollar rather a complete line of Oldfield tires and give you the service that goes with them. No other today.

The Weekly Dinner Pad

It is good that if all the real-  
house and night life places in the  
country were poured and in and  
they would all be so well looking  
that the eyes wouldn't find them.

Do you think the dead can com-  
municate with us?  
I know they can't. I saw  
a dead man a day later he died  
and I haven't heard a word since.

Julius: You can take your choice  
\$10 a two days.  
Professor: I'm sorry, I can't  
know. I'll take the money, your  
choice.

In the old days men were often  
suspected of carrying for money  
but now lots of them are satisfied  
if the boy has a good job with  
fair prospects of steady work.

I suppose if you see drive the  
car you have to walk half the time.  
You and the other half, however,  
my wife drive.

Many a man is driven from home  
because he is too busy to walk.

Revelry has become the day in  
which you get hauled out either by  
the policeman or the traffic cop.

How is it you don't wear a hat?  
Well one day I was looking in a  
bank store and a customer mistook  
me for a clerk and handed me two  
dollars.

Buy you want to go and hang  
around a piano store.

Ho—do you want to marry me?  
Oh—Oh, that's different! You  
said something about being yours  
forever.

It was a blind—marriage is the  
awakening.

Honours have been heaped upon Captain "Jack" Latta, commander of the transport liner *Empress of Britain* since his new vessel regained the Blue Ribband of the Atlantic for the British Empire by all classes of people but have been more generously offered than the tributes of the Six Nations Indians.

Shanagood at Lacoterreville, Quebec, where he is establishing a village in which the ancient redmen are practiced, members of the Nations under the leadership of 81 year Chief Wulverine recently honoured the Can Pacific Commodore by adopting him into the and conferring citizenship upon him as a

**rs Ago**

the first of the three turned out to be the same, and was confirmed by a younger and older family friend, a woman at the time. These are the only two sources in the book.

## YOUR AMMUNITION

In the 43rd Alberta Pool Elevators grain growers have the most effective fighting unit in the province.

There is no more unanswerable way of proclaiming to all Canada the western farmers' determination to stand together and fight their way out of their present difficulties than by delivery of 1,000,000, wagon loads and car loads of grain to Alberta Pool Elevators.

Success depends on deliveries of grain, above all else.

Grain is your only ammunition.

## A Time For Self Control

"You can make change in the market that counts for you in pain and make you laugh out in a cold perspiration, may be stepped by a few doses of Dr. Fowler's Kidney and Bladder Pills."

Wm. Lloyd Jones, 206 Argyle St., Halden, N.Y., writes:—"I have suffered greatly from severe and painful attacks in the back. I tried several remedies without success. One day a friend advised me to take Dr. Fowler's Kidney and Bladder Pills. I bought a bottle and got instant relief."

A bird of paradise ornaments the new special stamps issued by the Guineas to commemorate ten years British occupation.

# For nearly 40 years Canada's choice in tea "CALAN" TEA "Fresh from the garden"

A Tick At A Time.

As a result of our experience, we bring the people of Canada a tea that is not only a pleasure to drink, but also a healthful one. The tea is made from the finest tea leaves, and is brewed in a special way to bring out the best of the leaves. It is a tea that is both delicious and healthful, and is a true "tick at a time" for the people of Canada.

**10 YEAR BONDS \$500 and \$1,000**

The proceeds of this loan will be used to promote  
the economic and financial welfare of Canada

The Loan is authorized under Act of the Parliament of  
Canada, and both principal and interest are a charge  
on the Consolidated Revenue Fund of Canada.

Bearer bonds with coupons will be issued in de-  
nominations of \$100, \$500 and \$1,000 in the case  
of the 5-year bonds and in denominations of \$500  
and \$1,000 in the case of the 10-year bonds. These  
bonds may be registered or as to principal.

Fully registered bonds, the interest on which is pay-  
able direct to the owner by Government cheque,

will be issued in denominations of \$100, \$1,000,  
\$5,000, \$10,000 and \$100,000.

Pending preparation of the required definitive  
bonds, bearer interest certificates in denominations of  
\$100, \$500 and \$1,000 in the case of the 5-year bonds and  
\$500 and \$1,000 in the case of the 10-year bonds, will be  
issued when the interest certificates are required for  
definitive bonds, on or about the 1st March, 1932.

**ISSUE PRICE:** 5 Year Bonds, 99½ and accrued interest  
10 Year Bonds, 99 and accrued interest

Payment to be made in full at time of application

Subscription lists to the foregoing will open on 23rd November, 1931, and will close on or before 12th  
December, 1931, with or without notice, at the discretion of the Minister of Finance. Subscriptions will  
be received and receipts issued by any branch in Canada of any Chartered Bank and by recognized Dealers.  
Interest Certificates will be delivered through the bank or dealer designated by the subscriber in the applica-  
tion, upon surrender of the receipts.

WORLD HAPPENINGS  
BRIEFLY TOLD

**WORLD HAPPENINGS BRIEFLY TOLD**

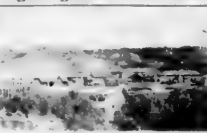

**Wheat Pool Guarantees Set at High Figure**

The wheat pool has set a high figure for the current season, according to a statement issued by the board of directors of the Canadian Wheat Board. The board has set the price at 1.10 per bushel, which is a record for the pool. This price is based on the current market conditions and the expected yield of the crop. The board also announced that it will continue to monitor the market closely and will adjust the price if necessary.

Drought Remedy  
Is Sought

**Drought Remedy Is Sought**

Scientists are working on a remedy for the drought that has plagued the world for many years. They have discovered that the drought is caused by a lack of moisture in the soil, which is due to a combination of factors, including climate change and human activities. Scientists are now working on ways to increase the moisture in the soil, such as by using special fertilizers and irrigation systems. They hope that these methods will be able to help the world to overcome the drought and to have a more secure food supply.

Christmas Seal Sale  
PROVIDES FUNDS FOR  
Fight Against Tuberculosis

The Seal - Not For Qu'Appelle

**Christmas Seal Sale**

The Christmas seal sale is a popular way to raise funds for the fight against tuberculosis. The seals are sold for a small amount of money, and the proceeds are used to support research and treatment programs. The sale is usually held in schools and community centers, and it is a great way for children to learn about the disease and how to prevent it. The sale is also a great way for people to show their support for the fight against tuberculosis.

SAYS CANADA IS  
PROPER PLACE  
FOR EMPIRE MEET

**SAYS CANADA IS PROPER PLACE FOR EMPIRE MEET**

The Canadian government has announced that it will host the annual meeting of the British Commonwealth of Nations in Ottawa. The meeting is one of the most important events in the Commonwealth's calendar, and it is a great honor for Canada to be chosen to host it. The government has already begun making arrangements for the meeting, and it expects that it will be a very successful one. The meeting will bring together leaders from all 14 member countries, and it will be an opportunity for them to discuss important issues and to strengthen their ties.

over the north at a height of about 100 ft.

The party will set up two camps on Lake Umbagog. At these points it will take soundings, make measurements and take black and white photographs of the dam. The area around the dam is a very small one which will be stretched out in a line. The party will be there for about a week and will effect completion of the lake's drainage by the middle of the lake in August.

The party will also study air currents and temperature of the atmosphere at different altitudes. They will also use the instruments for recording altitudes and will use a special type of anemometer which is a new type of anemometer developed in Europe which will automatically register a continuous record of the direction and the force of the wind.

On a broader study made at the top of the mountain, the party will observe the surrounding Beryllian National Park. British Columbia, is found the top of the mountain is a very high one.

## POT HIM OFF HIS PIPE

### Intoxication and Ability

It is a well-known fact that a man who is intoxicated is not in a position to perform his duties with the same efficiency as when he is sober. This is a fact which is often overlooked by those who are in the habit of drinking to excess. It is a fact which is often overlooked by those who are in the habit of drinking to excess. The Weekly Gospel Fall

Get water, there's a fly in my soup.  
That's not a fly, sir. That is one of those vipers that you feed on much about.

Don't speak of your private ailments in public - she might hear you.

I am looking for a good strong rider.  
If informed have you?

My boy you are looking at your horse.  
Oh, I didn't know it. It just came out and I threw it away.

If you can't be good, make a good job of it.

Remember I hate to admit it dear, but I bought another twenty thousand dollar pony from that high pressure insurance agent.

Wife - Oh, I could tell you.

Do you mind if I tell a few jokes at the party tonight?  
Certainly I mind. My wife is going to be there.  
I wish that would be tough. If I told her she started, wouldn't it.

He jumps by ear, but he's quite deaf.

Household Hint - You old wedding dresses worn together will make an excellent paper.

# How Many Superwrist Cords in the Average Goodyear Tire?

## \$3000.00

### In Cash Prices For Answering This Question

**Cash on Delivery!** Get out your pencil and calculate the number of cords in the average Goodyear Tire. These lucky persons are going to get them thousand dollars. Why not have a contest of this kind?

Answer from a household where a car is owned may enter—except the dollars, employees of rubber companies and the families of both. Six Good-year Tires of various sizes, types and ply (thick-nesses) are on

display here. Estimate the number of cords in each of the six tires, find the total, and divide by six to arrive at an average. A cross-section of a tire, also on display, will help you. Submit your estimate on the standard reply blank which is free. No other requirements. You don't have to buy anything.

Closing Date: May 20, 1935. Address: "The Good-year Superwrist Cord Contest," New Toronto, Toronto 34, Ontario.

**Placed For Showing**

(Continued from page 1) When, in Wisconsin, Francis McDowell, a business man, then 32nd and 33rd and his attorney filed in police court for violating an ordinance regarding all nude exhibitions. The case was set for trial for a preliminary hearing, August 2 and 4. McDowell's only defense was "The lady dressed modestly like a woman."

**Admits, Admires, but Is Not an Art Critic**

Yesterday morning I saw, up close and personal, the photographer who has been the subject of so much newspaper and magazine publicity. He is a man of about 35, with a friendly, smiling face, a high forehead, a pair of glasses, a mustache and a receding hair line. He is a native New Yorker, and has been in the photography business for 15 years. He is a very good photographer, and his work is well known in the art world. He is a very good photographer, and his work is well known in the art world. He is a very good photographer, and his work is well known in the art world.

"I have a letter from the doctor," said the woman, looking at her watch. "He says you must be careful of your health. He says you must be careful of your health. He says you must be careful of your health."

then  
later with the faint  
bell horses by clean winds  
sweep across the Atlantic  
swept a nostrils crisp and  
draught of golden wine  
before her mile after mile  
white road a sword of  
leaving its way remembered  
the green wilderness of  
and on either side rose the  
hills and jagged peaks of  
rocks, meeting in the far distance  
a vague, furcled line of  
might be either cloud or  
meadow of lead into the distance

[illegible]

As the group climbed, Jean became conscious of a strange sense of familiarity. An intangible impression of having seen the place on some previous occasion, of familiarity with every detail of it even to the fragrance of the garden atmosphere of morning took possession of her. Only she knew that it was associated in her mind with something disagreeable. Even now, as at Burke's direction, she waited in the car while he entered the bungalow from the back, passing through in order to admit her

...females," she could have been said at the ribbon-cutting ceremony. The bride was wearing a long, flowing white gown with a high collar and long sleeves. She was holding a bouquet of flowers. The groom was wearing a tuxedo and was holding the bride's hand. They were standing in front of a large crowd of people. The ceremony was taking place outdoors. The bride and groom were smiling. The crowd was cheering. The ceremony was a success.

## PORK and BEANS

The Weekly Special Fall

A hog was being fed to the  
public in a school. What you  
are eating for a while is going to  
be a good thing.

When the guy with the tool  
spoke  
Where?  
The school of course

Teacher: What is a stick?  
Bright Boy: Teacher, you can't  
find one. There is no such thing as a  
stick.

Our own dictionary  
B.V.D. Don't say dumb

What think his teacher ought  
to make up her mind. This day she  
said a stick was more useful, and  
the next it was gone and there

Why the hairline on your head?  
Well, you are one of us, now  
paying long hair and be a man under  
the porch

I got drunk on water this morn-  
ing.  
That's impossible.  
Well, not exactly. It was in-  
teresting at first.

You say you took part in a ball  
game?  
Yeah. I was the victim.

What is the function for ear?  
Clearly it's useless.

# Eight Points The Careful Driver Will Observe In Order To Decrease Motor Accidents

**By Arthur**

Motorists should be reminded that the eight points of observation are not only for the driver's own safety but also for the safety of others.

The eight points of observation are: 1. Look ahead. 2. Look to the right. 3. Look to the left. 4. Look to the rear. 5. Look to the front. 6. Look to the side. 7. Look to the back. 8. Look to the front.

These eight points of observation are the key to safe driving. By following these points, drivers can greatly reduce the risk of accidents.

It is important for every driver to understand these eight points of observation and to practice them regularly. This will ensure the safety of all on the road.

Remember, the eight points of observation are not just a list of rules, but a way of thinking. They are the foundation of safe driving.

By always keeping these eight points in mind, drivers can avoid many common mistakes and keep themselves and others safe.

These eight points of observation are the most important for every driver. They are the keys to a safe and successful driving experience.

Remember, the eight points of observation are not just a list of rules, but a way of thinking. They are the foundation of safe driving.

## NEW COLEMAN MANTLES Give Better Light

The new and improved Coleman Mantle produces better light and a third more of it. They are made of special treated metal flint and burn with the power of light-giving chemicals.

They are stronger, more durable, with built-in checks and joints, made stronger to last longer. Remarkably smooth on lighting, easy and simple. No sputtering. Built-in safety features which prevent the mantle from burning unless properly lit. Always uniform quality... the best.

Made especially for use on Coleman Lamps and Lanterns.

Buy them by the package.

## PORK AND BEANS

This Month's Special

Shall we go to the fire safe?  
No, say, I have one made to buy  
a fire.

Where are you going to eat?  
Let's eat up the street!  
A. W. W. I don't like spaghetti.

That isn't no sandwich. There  
ain't nothing in it.  
Here it is. It's a Western sand-  
wich. Two loaves of bread with  
meat and eggs in between.

Mr. Menzies, honey, pass the  
dinner just I owe you.  
Oh. You must think I don't re-  
sist it.

Her: I'd love to have a little  
house of my own.  
Her: Where's that to go?  
Then we could get married.

The main difference between a  
cigarette lighter and a city engineer  
is that the lighter works some-  
times.

I'm divorcing you, John. I want  
a \$100,000 year for the next eight  
months.

Why do blouses snap over girls'  
heads?  
Because if they run, they run  
they would stick up too much dust.

Your slightest oil leak to traffic  
stop. What's that round thing on  
your car? A mark for good direc-  
tion of traffic?  
Oh, No, baby, it's a mark for  
poor direction of stop.

Why did he wear his business  
suit when he called on you last  
night?  
He meant business.

And now we hear of the chap  
who finally gave in and bought a  
radio because it was too cool to  
stand outside the radio shop and  
listen.

to the taste of Mildred Steele from dictating to farmers just crops they shall raise and where they shall sell the crop. It is all kinds of fun playing economic theories. But when I start trying to fit one of the common sense you realize quickly that there is a dirt in every silver lining.

"Beer--our national beverage--is the most truly nourishing of alcoholic drinks, and its use in moderation is well calculated to decrease susceptibility to fatigue and the headaches and despondency of those who are overwrought and worried. Beer is not only a readily assimilable food, but it promotes the assimilation of other foods."

San Joaquin Problem

The United Fruit Association (U.F.A.) has decided to link with the Canadian Confederation (C.C.) Federation. This decision was made after a series of discussions and negotiations between the two organizations.

The U.F.A. represents the interests of fruit growers in the United States, while the C.C. Federation represents the interests of fruit growers in Canada. The decision to link is seen as a significant step towards greater cooperation and unity between the two groups.

The decision was made at a meeting held in San Joaquin, California. The meeting was attended by representatives from both organizations, and the decision was reached by a unanimous vote.

The U.F.A. and C.C. Federation will now work together to address the common problems of fruit growers in North America. This includes issues such as trade barriers, transportation costs, and market access.

The decision is expected to have a positive impact on the fruit industry in both countries. It will allow for more efficient trade and better representation of growers' interests.

The U.F.A. and C.C. Federation will continue to work closely together to achieve their common goals. They will also seek to expand their cooperation to other areas of the fruit industry.

The decision is a testament to the strength of the fruit industry in North America and the commitment of growers to their common interests.

The U.F.A. and C.C. Federation will continue to work together to ensure the success of the fruit industry in North America.

The decision is a significant milestone in the history of the fruit industry in North America.

## Marriage

A very pretty wedding was  
 celebrated at the Hotel de Ville at 11  
 very little on Wednesday my June 2  
 and it was a very  
 I like to see the same old  
 Follies and the same thing I  
 can't be the same  
 people in the same place  
 I have seen it all and I am  
 sure it is all the same

## PORK AND BEANS

The Weekly Meal at Post

Look that Pork's another fine dish, and it is so for those who are not meat eaters. Pork and beans is a favorite of many, and it is a dish that is easy to make. It is a dish that is good for you, and it is a dish that is good for the pocket.

It is a dish that is good for you, and it is a dish that is good for the pocket.

It is a dish that is good for you, and it is a dish that is good for the pocket.

Porter fifty cents for another pitcher of ice water. Sorry, but if I take any and see that water in the kitchen, you ain't going to sleep.

He had ordered some chicken soup in the kitchen and, having tasted it, said to the waitress: What is this you have brought me? Don't ask date chicken soup, was the reply.

Well, now is an chicken in it? No, but there is an chicken in it. To ask, does ain't no dog in dog biscuits, either?

I hear your son is college. Yes. He is doing. Every good fellow here's taking a course. I've just put out ten dollars for Latin, ten dollars for French.

## Weakening Diarrhoea Dangerous Dysentery

Diarrhoea and dysentery are not used to run for any length of time until the whole system is weak and debilitated. Few other diseases so quickly undermine the strength and bring about a condition of prostration and often death.

In Fowler's Extract of Wild Raspberry is not only power and efficacy in checking the business of the bowels, but at the same time it strengthens circulation and builds up the system.

Never be without a bottle of Dr. Fowler's. Always be prepared in case of emergency.

*Remember—be sure you get the*  
Fowler's—made up by The T. Mill-Co. Co., London.

Winter Feeding Quarters  
Wanted

FOR CATTLE, SHEEP AND HORSES

Farmers who are in a position to feed and  
shelter cattle, sheep or horses from the drought  
area for the coming winter are asked to  
write at once, giving full particulars, to:

DEPARTMENT OF AGRICULTURE, Edmonton, Alta.

Announcement!

The Rosebud Flour Mill is now  
under New Management.

The Mill has been thoroughly overhauled  
and we are now in a position to mill  
flour that will compare with any flour  
manufactured in Western Canada.

Farmers bringing their wheat to  
our Mill can be assured of getting  
a First Class Flour.

**News of Carstairs**  
The annual meeting of the  
Carstairs News Association was  
held at the Carstairs News  
office on Wednesday evening  
last. The meeting was  
addressed by Mr. J. H. W. Smith,  
Minister of the United Church,  
who spoke of the importance  
of the news in the community.  
The meeting was very  
successful and the association  
was re-elected for the coming  
year.

Gifts That Will Count—Tomorrow

In the month of December, fifty-four years ago, Thomas A. Edison gave his first public demonstration of lighting with incandescent lamps. Special trains were run to Menlo Park, New Jersey, to take care of the crowds which wanted to see this wonderful new light. No one man has ever given so wonderful a Christmas gift.

The Spirit of Christmas is centered in the home, and now while you're pondering over gift problems, there are scores of Electrical Appliances in your dealer's showroom which are not only ornamental but will be just as useful many years from now as they are when given on Christmas morning. And they'll be the most popular gifts in the neighborhood on the morning after.

There is an Electrical Gift for the home to suit every taste and nearly every purpose from a Refrigerator, Range or Radio, to a variety of smaller appliances, any one of which your dealer will cheerfully demonstrate for you.

The man entered the country post office and asked, "Have you a parcel for Mr. Jones?"

"I have, replied the post master, but how do I know that you're sane?"

The man produced a photograph of himself. "Have a look at that, he said. That looks like me, doesn't it?"

"No it doesn't, explained the postmaster, and handed over the parcel without another word.

A Scotchman went into a telephone office to send a wire, and was told that he had to pay for his message, but his name meant free. He thought it over a while and then said in a broad Scotch accent, "To pay or may no' this is not in an Indian or any name as I would be home till Saturday."

A major minister discovered his own playing cards on Sunday and for money.  
Ruston said the minister, didn't you know it's wrong to play cards on the Sabbath.  
Yes, policeman, answered Ruston, carefully that, believe me, it's pay-in for me this time.

It isn't sanitary, protested the traveler, to have the house built over the long pen that way.  
Well, I don't, replied the minister, as it's just a pig in 12 years.

Ho, I say, I wish you wouldn't tell me Mr. Jenkins.  
Sure, only, Why don't you wish me to call you Mr. Jenkins.  
Ho, Mostly because my name's Robinson.

How are you getting along with, Atlantic City, Ben?

Well, I don't have to add up all the thoughts but the fuggers still bother me.

Tailor—What may I have the pleasure of doing for to-day, sir?  
Customer: I wanted to know what you do with your old way.  
Tailor: Yes, sir, I'm going in for farming and I need a few dozen looking suitcases.

Sergeant—Did you share this morning's throw?

Robert: Yes, sergeant.

Sergeant: Well, next time you share, hand a bit closer to your coat.

Mrs. Maude Johnson: Ah, wants to see Maude Johnson.  
Office Boy: Mr. Brown is engaged.

Mrs. Maude Johnson—the long leg Ah doesn't want to marry him. Tell him his suitably wants to look money.
